Introduction

Kluczbork – high in honey, scented with kołacz [kolach].

We owe our honey to hard-working bees which especially like fields and forests of the Kluczbork Land. This is a constantly developing town – the latest most important projects are Sports and Recreation Campus STOBRAWA, the southern ring road of the town, revitalization of the town and the municipal park. Residents speak of Kluczbork as a peaceful, green place, where they feel safe and can have a nice time. Kluczbork Commune has 35 000 inhabitants, including 24 000 living in Kluczbork and 11 000 in 23 villages.

ANTI-DOPING INFORMATION

The athletes participating in the Championship, with the registration, implicitly accept all WADA anti-doping rules. Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to CIPS for a Therapeutic Use Exemption (TUE) following the CIPS strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website:

https://ita.sport/uploads/2021/02/ITA_TUE_Form.pdf

The TUE request has to be sent to the following address: tue@ita.sport

Athletes must therefore consult the Prohibited List https://www.wada-ama.org/sites/default/files/2022-09/2023list_en_final_9_september_2022.pdf

If the TUE is granted, the athlete will then be permitted to use the medication during the period of validity of the TUE without committing an Anti-Doping Rules Violation (ADRV).

Regardless of whether a TUE has been granted or not, athletes should always declare on the doping control forms filled out during sample collection any medications and supplements taken within the seven days prior to sample collection, and any blood transfusions in the three months prior for blood samples.

If a TUE has already been granted by a NADO or by a RADO, the Athlete in question does not have to apply for any additional CIPS TUE, as CIPS recognizes all TUE granted by NADOs and RADOs.
